

From Regulations to Implementation

Tania Pacheco-Werner

Co-Director, Central Valley Health Policy Institute

Board Member, San Joaquin Valley Air Pollution Control District

Board Member, California Air Resources Board

Community Engagement in Rulemaking

COMMUNITY ENGAGEMENT

We are at a moment in history where California not only is leading the nation, but we are responding to decades of advocacy from community and state-based environmental justice organizations asking for solutions for pollution-burdened communities.

Upcoming Rulemaking

01

Advanced Clean Fleets

02

Implementation Deadlines
of Existing Rules

Cleaning Up Trucks & Transitioning to Zero-Emission

Enhanced
Inspections &
Maintenance

ACF Regulation Components

Implementation Challenges

1

Rural Infrastructure

2

Supply Chain

03

Sustained funding for smaller
fleets down the line

ESSENTIAL NEXT STEPS

- Continued community engagement
- Opportunities for funding transition in most impacted neighborhoods
- Evaluation of public health impact of existing rules as they are implemented
- New opportunities for mobile source emission reductions that look beyond traditional models of transportation in California

Thank you!
