

# Advanced Geothermal in California: Clean, Reliable Energy for All

August 28, 2025

# Presenters

Hon. Diane Papan, Assemblymember, District 21

Neil Ethier, Vice President of Origination, Eavor, Inc.

Claudia Sisomphou, Public Affairs and Advocacy Manager,  
Sonoma Clean Power

Chris Snyder, Political Director,  
International Union of Operating Engineers Local 3

# Our Mission

**We're working to rapidly  
reduce climate pollution at  
scale, starting in California.**

We believe in thriving, healthy communities. We envision a future where everyone in California enjoys clean air and water, renewable and reliable energy, healthy food, thriving nature, and more.

# Presenter

Assemblymember Diane Papan,  
District 21

**Urge your state representatives to  
support AB 531!**

# Climate-Safe California

Together, we can make California the first state in the nation to become carbon negative.

the  
climate  
center

# Climate-Safe California

Climate-Safe California is a unique and comprehensive campaign to make California the first state in the nation to become carbon negative.

# Guiding Principles

Climate-Safe California and all of The Climate Center's work is guided by these core principles:

1. **Follow the latest science**
2. **Secure a just transition for fossil fuel workers and their families**
3. **Prioritize climate justice with equitable access to true climate solutions**

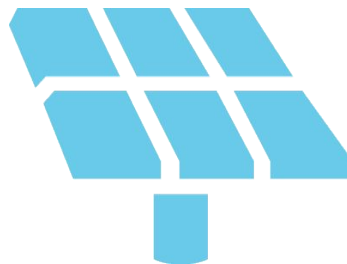

# The Four Pillars of Climate-Safe CA

**Phase out  
fossil fuels**

**Scale up  
carbon  
drawdown**

**Clean,  
resilient,  
affordable  
energy for all**

**Fund  
climate  
solutions**

# California Must Lead

California has the tools and know-how to lead on climate. When our elected officials accelerate the transition to clean energy, all of us will benefit.

**California must lead on climate once again at the speed and scale required. Our communities deserve accelerated, equitable solutions.**

# How do Advanced Geothermal Energy Systems fit into the Climate Safe California Initiative?

- Low to zero greenhouse gas emissions
- Scalable
- Skills Transferability from Oil & Gas Workforce
- 24/7/365 Baseload Power
- Opportunity for Community Benefits
- Avoidance or Elimination of Injustice
- Inexhaustible Resource on Human Timescale

# Presenter

Neil Ethier, Vice President of  
Origination, Eavor, Inc.

# Presenter

Claudia Sisomphou, Public Affairs and  
Advocacy Manager, Sonoma Clean Power

# Presenter

Chris Snyder, Political Director,  
International Union of Operating  
Engineers Local 3
