

# The Transportation Fuels Transition Plan

## Moving California Beyond Fossil Fuels

July 23, 2026

# Presenters

Quentin Gee, Manager in the Energy Assessments Division of the California Energy Commission

Jeremy Martin, Senior Scientist, Union of Concerned Scientists

Nick Plurkowski, President United Steelworkers Local 5

# Our Mission

**We're working to rapidly  
reduce climate pollution  
at scale, starting in  
California.**

# Sponsors

# Promotional Partners

# Climate-Safe California

Together, we can make California the first state in the nation to become carbon negative.

# Guiding Principles

All of The Climate Center's work is guided by these core principles:

1. **Follow the latest science**
2. **Secure a high road transition for fossil fuel workers and their families**
3. **Prioritize climate justice with equitable access to true climate solutions**

# The Four Pillars of Climate-Safe CA

**Phase out  
fossil fuels**

**Scale up  
carbon  
drawdown**

**Clean,  
resilient,  
affordable  
energy for all**

**Fund  
climate  
solutions**

# California Must Lead

California has the tools and know-how to lead on climate. When our elected officials accelerate the transition to clean energy, all of us will benefit.

**California must lead on climate once again at the speed and scale required. Our communities deserve accelerated, equitable solutions.**

# The Mid Transition

*“...the first dedicated report to examine California’s petroleum system not just as a market to be managed, but a transition to plan holistically....”*

– SB 237 Assessment
